# DE PROFUNDIS - the *unofficial* newsletter of LASFS

## COLOPHON

*De Profundis* 529– March 2017. Publisher and Editor: **Marty Cantor**.

*De Profundis* is the unofficial newsletter of the Los Angeles Science Fantasy Society (6012 Tyrone Ave., Van Nuys, CA, USA). The LASFS' telephone number is: (818) 904-9544 . The club's web site is: [www.lasfs.org](http://www.lasfs.org). *De Profundis* is available only from Marty Cantor for his cost of producing the zines: 55¢ in person, \$1.00 by domestic mail. Out of country rates quoted upon request but it is recommended that copies be downloaded - or at least read - from the *DE PROF* web site.

Westercon is a service mark of the Los Angeles Science Fantasy Society, Incorporated (LASFS, Inc.), Worldcon and NASFIC are service marks of the World Science Fiction Society (WSFS).

I want any news of interest to LASFS members (no poetry or fiction). Send items to the LASFS address c/o *De Profundis* or leave them in the *De Profundis* mailbox at the clubhouse. The editor, Marty Cantor, can be reached at his address: [martyhoohah \(at\) sbglobal \(dot\) net](mailto:martyhoohah@sbglobal.net) or at the clubhouse on Thursday evenings. Deadlines are a bit fluid, but mid-month Thursdays are probably it.

If anybody who receives *DE PROF* via the mail happens to move without letting me know the new address; well, I have more important things to do than to be chasing down addresses so I will stop sending zines to you even if you have given me money to do so.

I will accept no advertising in *De Profundis* but I will always try to find room to announce upcoming events of interest to LASFS members.

Even though *De Profundis* is no longer the official newsletter of the LASFS, I intend to run the zine as if it still belonged to the club. Mostly. Due to space limitations, priority is always given to content mandated in the LASFS by-laws and by any applicable traditions. Also, after that stuff, by what the editor wants to do.

Written in Publisher 2000 on a custom-modified Intel quad-core, DELL Workstation (using the Windows 7 Professional 64 bit operating system) and printed on an HP 4700dn colour laser printer.

Statements herein are those of the speaker/writer and do not necessarily reflect the opinions of the club. *Interjections in italics are solely the responsibility of the smartass, er, editor. Any resemblances 'twixt smartassery and responsibility are purely coincidental.*

**Addendum:** At the LASFS' Board of Directors meeting of February 8, 2009, the Directors accepted the proposal by Marty Cantor to take over *De Profundis* as his own fanzine, or as one of them, and he will be assuming the entire cost of production. Marty Cantor has promised to use his 5+ years experience of running *De Prof* as a guide to pubbing the zine as the *unofficial* newsletter of the society. The proposal was put to the Board because the Board had previously indicated that costs were dictating the discontinuance of the zine. *De Prof* is available on paper solely at cost: currently 75¢. Mailed copies, domestically, will be \$1.25. Subscriptions will be accepted; however, as prices are set at approximate cost of production, there will be no discounts for long-term subs.

## CONDENSED CREAM OF MENACE

(complete minutes are supposed to be filed in the LASFS' files and can be read there - also at [www.lasfs.org](http://www.lasfs.org))

Meeting 4131, October 13, 2016  
President Nick Smith, presiding  
Karl Lembke, scribbling

At the instant our President was to call the meeting to order, Charles Lee Jackson II brought out a cake, distracting everyone. So yes, he brought it out in the time of Nick! In honor of the occasion, the Emperor is handing out Empire buttons!

Meeting #4131 began at 8:04 pm.

This week's **Patron Saint** is **Beverly Kanter**. She was given Three rousing Cheers.

Eric Hoffman bid \$1 to name the **Menace** "Huh?"

The **Registrar** announced the presence of guests tonight. Peggy Wu brought some new blood to the meeting: Grayson Kent, Jordan Landsberg, Wes Pollock, Connor Jones, Mark S Voyce, Rachel Pulice, Rebecca Cobb, and Autumn Ayers. (*I assume that they accompanied their blood.* ed.)

**Special Orders of Business:**

Bill Warren was cremated today. No word on any memorial.

Larry Niven notes Bob Dylan has won the Nobel Prize for Literature. They liked his 1960's work, but after that, I guess the times they were a changin' a bit too much.

#### Moment of Science:

David Okumura - ESA has a satellite orbiting Mars, and they hope to achieve a probe landing. At least this time they won't have those non-Metric users fouling up things. There is a looming problem. We expect Mars may have an immense dust storm real soon now. This will affect anything that's solar powered. The problem of these dust storms will be an obstacle for manned missions. (*But womanned missions will not have this problem? Only if they do a good job of dusting the planet beforehand.* - ed.)

Exercise is a good way to relieve stress. But if you're really, *really*, stressed, lots of exercise may not be a good idea. Pairing emotional stress with exertion triples the risk of heart attack.

Under scientists with too much time on their hands, they examined video of various species yawning. Yawning, it is now thought, increases blood flow to the brain. And the longer the yawn, the bigger the brain. So everyone yawn real big right now and get smarter!

Apes -- one thing we thought humans had uniquely theirs was the ability to anticipate what others were thinking. Apes also have that ability, and can realize what another person is assuming even if that assumption is wrong. The apes saw a video of a man in an ape suit trying to fool a human. In one video, an ape would put a rock in a box while the human was present. When the human was gone, the ape would take the rock away. Apes watching the video would focus on the rock when the human returned, knowing the human would think it was still in the box.

Other science articles are posted on the bulletin board.

**Treasurer's Report:** we have money and can't spend it.

#### Announcements:

Nick announced that the Octavia Butler inspired art exhibit in Old Town Pasadena is now open. 145 N. Raymond Ave, Pasadena. The symposium at USC is ongoing. Opposite one of our meetings is a concert inspired by Octavia Butler. And for those into that sort of thing, this weekend is LA presentation of Rise of the Jack O Lanterns. LA Convention Center, exhibition of jack-o-lantern art.

CLJII announced that on his HHH page, there are daily posts including links to sites for where to buy Halloween stuff, where to find haunted houses, and other useful items. You may have noticed these spiffy buttons. These are for the 50th anniversary of The Empire. See him for a

button. (*Nah, he is not a button, I see him for a human being.* - ed.)

The cake is gone. Long live the cake.

#### Reviews:

Gavin asked about the announcement for the book sale. There is new stock that hasn't been on the shelves, so please buy them.

Milt Stevens reviewed another novel, *The Medusa Chronicles* by Stephen Baxter and Alastair Reynolds. This is about going into the atmosphere of Jupiter. A former dirigible pilot, now a cyborg, turns out to be the ideal person to pilot a dirigible into the atmosphere of Jupiter. He encounters Jovians, an artificial intelligence, and interesting stuff ensues. It's a good hard SF story.

Eric Hoffman reviewed the latest *Girl Genius* by Phil and Katya Foglio. As usual, it lives up to its promise of adventure, romance, and mad science. Sit back, relax, read, enjoy. Phil once created a coloring book that was nominated for the Hugo.

Nick: Mark Bondurant's book, *Red Jacket* -- he left some details hanging. It's interesting alternative history and interesting young adult. Unlike many steampunk stories, the main character is not rich and famous at the beginning of the book.

Nick just finishing watching the first season of *Man In*

*the High Castle*. They did a very interesting job, fleshing out the world of the story. Things have diverged from the book, so don't expect it to end the way the novel did. Very disturbing and grim alternate history, and possibly the best adaptation of the author since *Blade Runner*. (*Fool! They adapted a book written by the author, they did not adapt the author.* - ed.)

Josh caught the second episode of *Westworld*. Josh is Not Thrilled with the first episode, but second is better.

Josh also read a number of short stories.

Scratch reviewed Gaslight Gathering. Gail Carriger was a GoH. Scratch is definitely a fan, and has gotten all her books autographed.

Michelle Pincus notes American Gods by Neil Gaiman is the next big series on Showtime. Gaiman has creative control. Milt notes the fellow who played the really slimy bar owner in Deadwood will play Wednesday in American Gods.

Nick notes on 10/21, there's an evening event called Art Night. As part of that, part of his day job is running a salon and gallery for graphic novel writers and artists. At the Pasadena Central Library there will be a graphic novel event. 6-10 PM.

Eric Hoffman received Criterion Collection's *Here Comes Mr. Jordan*. They also have the Lux Radio Theater version as an extra. The role of the boxer taken to heaven was originally supposed to go to Cary Grant. In the radio edition, Grant voices the character he was intended to

play.

Nick: Oldies.com is having a sale on early movies, silents, and science fiction.

Jerry Pournelle and his wife have been watching the pilots for the new series. Some of the pilots are never the best stories in the series, but some look promising. Unless you're a McGyver fanatic, don't bother. Even if you are an absolute fanatic, don't bother. Using a hatchet to hack open a disk drive to get the data off, for example. That will get the data off, but not in a usable form.

In the absence of any further business...

A motion to put away chairs and tables passed and we adjourned at 9:05 pm.

**Meeting 4132, October 20, 2016  
President Nick Smith, presiding  
Kristen Renee Gorlitz, scribbling**

Meeting #4132 began at 8:00 pm.

This week's **Patron Saints** are:

**Randy Greiner** - the original human wallet  
**Michael Mason** - a popular former librarian

They were each given Three rousing Cheers.

The **Menace** was read and corrected. Jerry Pournelle bid \$1 to name the **Menace** "Yawn".

**Special Orders of Business :**

We lost Ed Gorman - a sci-fi author and editor. He wrote under multiple pseudonyms. We have stuff in the library under at least three of the pseudonyms. There seems to be no rhyme or reason to his pseudonyms.

We also lost David Banelle - the founder of PC magazine, Mac World, PC World, Bio World. He died just this week.

**Library report:**

1. We need help identifying books not in the library collection, but should be. Help us find what's missing.
2. We have new books on sale shelf. Please buy!
3. Oct 17th issue of the New Yorker has a major article on Ursula K Le Guin. This will be available in the library.

**Treasurer's report** - we have money, and you can't spend it.

**Moment of Science:**

Nick Smith filled in for David Okamura - European Space Agency's Mars Lander almost landed successfully: the heat shield worked, the parachute deployed and opened properly, but it let go too soon. It landed much harder than it was expected to land. But, this is not a total failure. Everything worked, but not at the right time.

**Time Bound Announcements:**

Expansion on Art Night - Radio Imagination - Octavia Butler event will be free if you go to Art Night tomorrow in Pasadena.

We had a BIG auction. Alex helped tremendously by buying many items, raising a lot of money for the club!

Jerry Pournelle reports that Larry Niven went to the emergency room Monday night, but he is alright now. He is in good shape.

A motion to put away chairs and tables passed and we adjourned at 9:05 pm.

Other Stuff

None!

**(Significant Others)**

Mike Thorsen brought up the probability to possibly meet at his brother's church in North Hollywood at Oxnard and Radford. It was mentioned that we grant his brother an honorary membership: this was moved, seconded, and passed with one abstention. // Elayne mentioned that we should move soon as we are paying a lot of rent for staying in this building.

The next meeting of the Board of Directors will be on February 12, 2017.

**TAKE-AWAYS:**

Looking for property.

The Board adjourned its meeting at 12:26 pm

Respectfully submitted,  
Marty Cantor, Board Secretary

\*\*\*\*\*  
**PROPOSED CHANGES TO STANDING RULES**

The Board has voted to delete **Standing Rule 20**. This was done because the Board put the same provisions in Article III, Section 2, of the **By-Laws** (which is where they belong). **By-Laws** are superior to **Standing Rules** so **Standing Rule 20** is superfluous.

**20. Board Nominations**

Nominations for Directors of the Society shall be held on the last Regular meeting of the Society previous to the meeting during which the Election of Directors takes place. Nominations shall be closed at the conclusion of that nominating session and shall not be re-opened.

A. The following shall be required regarding regular elections for Directors of the Society:

1. Nominators shall be required to explain the reasons for the proposal of a candidate.
2. Nominees, in person or through intermediaries, shall be required to explain their qualifications and intentions for the fulfillment of the office of Director.

B. Records shall be kept detailing the attendance of Directors, and shall be made available for examination by the Society.

\*\*\*\*\*  
On February 12, 2017, the Board of Directors passed a resolution to replace Standing Rule 21 (Loscon Rules). The following text will be submitted to the Society at two

2. The Comptroller may advise the LOSCON Committee as to changes needed for fiscal responsibility. If differences between the Comptroller and the LOSCON Committee are not reconcilable, the Comptroller must bring the matter to the Board of Directors. The Board will review the matter, and may require compliance with the Comptroller's recommendations.

### H. LOSCON Chair Removal.

Resolved, that the section of Standing Rule 21 entitled "Pass-on Memberships" be replaced by the following:

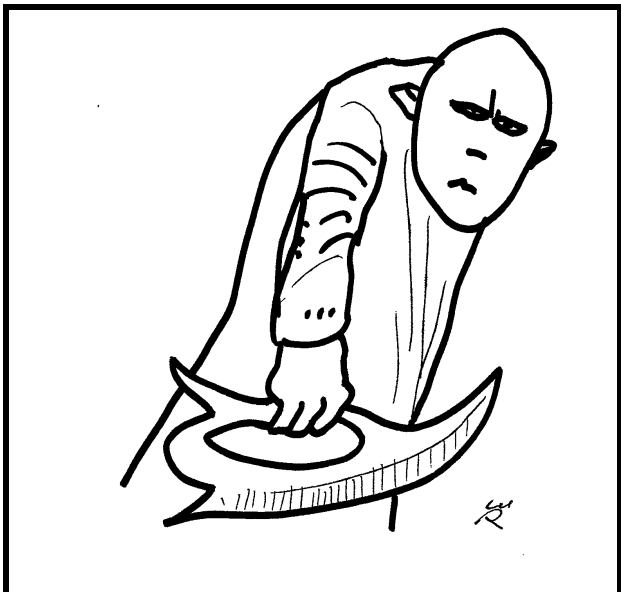

**Staff Memberships.**

  4. The special election will be held at the third meeting of the Society after the vacancy occurs. Election will be by a majority of votes cast; in the case of more than two candidates, an automatic runoff ballot will be used to determine a majority.

We are now looking for a building which can house the club.

Friday night board gaming

Friday Night Board Gaming is a Meetup which meets at LASFS most every Friday evening, usually starting around 4:00 and ending around 11:00.

All LASFS members are invited to play these modern, mostly European, board games. There is no charge for gaming but members are responsible for any LASFS' dues which must be paid.

Members of the Meetup game at LASFS the same way other guests visit the club: 3 free meetings and then joining the club if they continue to like coming here. After they join the club they pay dues like any other member.

(Our experienced gamers are willing to teach these games to beginners.)

**MISSING  
AND INCOMPLETE  
APA-L DISTIES**

Karl Lembke has been digitizing all of the APA-L disties in the files in the APA-L Room at LASFS. This work has been uploaded to flash drives and is being distributed to several universities with appropriate collections.

Unfortunately, there are a few missing disties and some which are also incomplete.
