Minutes to be read, bid to name the minutes \$10 by Eylat "Please join us next week at the LAX Marriott for Loscon 48." approved

Honor Guard, Charles "Loscon 48"

Registrar, Eylat no guests

Patron Saints:  
Milt Stevens, John Trimble,

Eylat Poliner

Chris I have known her for many years, is a hard worker for the club and Loscon. I am glad to know her.  
Cathy, she is fun to be around a great person and one of the hardest workers at the con, runs the con suite, she's been doing a great job doing programming for the meetings.  
Kristine, has really helped me with the website stuff, worked hard on one of the database, helped me figure out what to get for the ice cream social while we were at smart and final  
Debra, she is one of the best friends to ever have, I have known her most of my life. She is one of the hardest working people I know, not just the convention, but in many areas  
Susan She an amazing positive force of nature, dives into projects with not too much complaining. Great attitude.  
Michelle, she's been silly since 1990, very silly!  
Matthew, deeply appreciate her, she can be put in charge of anything and you know it will get done and done well.  
Three rousing cheers for Patron Saint Eylat Poliner

John Trimble

Chris Former LASFS President, did a great job,  
Krystal They follow Loscon's FB page and interact, noting that he recently fell and they relocated to a SD area VA facility, look at their profile for the address..  
Nick his abilities to do things of a print nature are often overlooked, he created an obscure 'zine  
Susan; he helped found SCA in these regions, originated Star Trek conventions, his public speaking influenced my voice projection, my father called him the human megaphone. We could learn a lot from John.  
Charles, Beyond all the other things he has done, let it be known that John Trimble is good to his mother.  
Three rousing cheers for Patron Saint John Trimble

Milt Stevens

Eylat:very sweet man, paid for all the furniture in the third clubhouse that we all enjoyed. I miss him.  
Heidi Milt was a wonderful guy, wonderful to talk to, was not an extroverted person, but he was always looking ways to help, I also miss him and I was privileged to know him  
Charles, was delighted to be on the covers of some old APA-L's.  
Ed Milt was the quiet man at the LASFS, never raised his voice, never lost his temper, would crack a joke that was

hilarious

Susan praise Uncle Milt who let us sit around and learn the stories of the club in the 50's and 60's  
Matthew he could always be counted on to provide some interesting reviews,  
Three rousing cheers for Patron Saint Milt Stevens

Treasure report Same old same old pay your dues and get ready for 2023.

Website report Kristine

Updated Michael Thorson page, New blog post pimping the ice cream social and Loscon  
Working on Members spotlight

Loscon 48 Nick

Ice cream social planning has been happening during the meeting. Some special flavors from Chris Marble  
A couple of the guests of honor at the meeting next week.  
Can't say enough about how much work Kristen has done, with the room changes and programming, I think everyone will enjoy the programming.

Michelle: Truck loading Wednesday, please be at the storage at 12:30 to help loading.

Rob loading is at Noon on Wednesday, if anyone needs info, please let me know.

Eylat: Sodas to be moved from Susan's storage, stuff needs to be picked up from my apartment, I need help on Tue evening

Marketing/Board Dec 11 at 11am on this zoom (in Jan we will meet on the third weekend for scheduling)

Loscon 49 picked up their postcards, can't wait to share them

Programming

Live meeting next week on the 16th floor at 8pm

Dec 1 nominations

Dec 8 elections

Old business none

New business none

Much rejoicing!

Timebound:

Nick cinema showings and bookstore events

Ed:next wed is the last show of the season of Endor, I have enjoyed it

Gavin If anyone has the time and inclination to help at the Library dealer's table, please let me know.

Charles asked about Marty from Heath. He provided an update, Marty is doing much better.

Nick Marty is definitely on the mend, he made his first gaming appearance last week. He has a helper to drive and in home. He is still building strength.

Moments of Science

Lynn Momento of Science: Especially for all the culinary historians in the LASFS: the oldest evidence for cooking has been found at an archeological site in Israel. Dated at 780,000 years ago, scientists examined the surface residue on the teeth of an ancient species of carp. They determined that this fish had been slowly cooked, not just thrown in a fire, or caught up in a brush fire after a lake dried up. The previous oldest evidence for the earliest instance of deliberate cooking was 170,000 years ago.

Gizmo Artemis 1 was a successful launch! At 1:47am on Wed Nov 15th, 42 days Orbiting the moon and returning.

## Regular Announcements

### Reviews

Ed: The most recent episode of Andor was yesterday, a roller coaster ride of emotions.

I am enjoying this series

Heath, 1990 Superforce series, if you liked Knightrider and Robocop, but put on a motorcycle, it's not great, but it is fun. Set in the year 2020, which is funny and interesting from 30 years out. Available on DVD

Charles It's a small world holiday edition, best part is the undersea part, singing Jingle Shells, 25th anniversary season of the holiday overlay. Imaginers placed 25, #25's to find.

Nick Book, The Futurians, the only group weirder than the early members of LASFS, New York fandom, pre-war to 2000's.

Cathy/Dean Ahmanson, 222 a Ghost Story, one of the best plays I have seen in awhile.

Larry: Jak Jinnaka trilogy by John Barnes Read John Barnes, I will be reading more of him

### Misc

Krystal, commented on the scribe position

Cathy Aftermeeting!

Chris Just a finger waver!

Eylat motion to adjourn
